### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In the claims:

Claim 19, line 22: "output from the" has been changed to "output from".

3. The following is an examiner's statement of reasons for allowance:

Claims are allowable over prior art of record because the prior art of record does not teach or suggest, alone or in a combination, among other things, at least a digital telemetry system and its method as a whole, the combination of elements and features as claimed, which includes the receiver receiving signals on at least two propagation modes, an adaptive far-end cross-talk cancellation logic for canceling cross-talk occurred between the two propagation modes; and a first propagation mode cross-talk adjustment logic directing a processor to determine a slice residual from the output of each of first and second mode cross-talk adjustment logics and update a cross-talk parameter from the slice residual as cited in the claims.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
